Professional Summary

Software Engineer with a solid Computer Science foundation. Proven ability to deliver production-ready software, from optimizing client websites and CRM integrations to co-developing backend architectures in large team environments. Looking for a role focused on building scalable, well-structured systems.

Experience

- **ParaGuru LLC** — Cairo, Egypt
  Software Engineer — *Oct. 2024 - Present*
  - Develop and maintain high-performing websites, automate workflows through custom plugins and Zoho CRM integrations, optimize site performance and SEO, and troubleshoot issues to enhance client engagement and data management efficiency.
- **ParaGuru LLC** — Cairo, Egypt
  Social Media Moderator — *Aug. 2021 - Oct. 2024*
  - Actively engage in monitoring and managing social media platforms, ensuring a positive online presence.
- **German University in Cairo** — Cairo, Egypt
  Web Development Intern — *Sep. 2023 - Dec. 2023*
  - Contributed to enhancing the university's student portal by developing features to improve user experience and accessibility.
- **German University in Cairo** — Cairo, Egypt
  Tutor in Computer Science — *Feb. 2022 - June 2023*
  - Assisted students with fundamental programming and algorithmic concepts in multiple courses: Introduction to Computer Science, Introduction to Computer Programming, and Concepts of Programming Languages.

Education

- **German University in Cairo** — Cairo, Egypt
  Bachelor of Science in Computer Science Engineering; GPA Grade: A- (1.54) — *Oct. 2020 – Aug. 2025*
- **University of New South Wales Sydney** — Sydney, Australia
  Bachelor Thesis on "Satire Detection in Multilingual Texts"; Grade: A+ — *2024*
- **Nefertari British International Schools** — Cairo, Egypt
  Graduated IGCSE with High Honors; Grade: 99% — *Sep. 2017 – Aug. 2020*

Publications

- **O. W. Abdalla, A. Joshi, R. Masood, and S. S. Kanhere** — Dec. 2024
  Proceedings of the 22nd Annual Workshop of the Australasian Language Technology Association (ALTA) — *Australia*
  - **Publication Title**: "Comparison of Multilingual and Bilingual Models for Satirical News Detection of Arabic and English"
  - **Publication URL**: aclanthology.org/2024.alta-1.14/

Projects

- **Reddit Clone: A Microservices-Based Application (2025)**:
  - **Description**: This project is a backend application that emulates the core functionalities of Reddit, built upon a distributed microservices architecture. It handles features like user authentication, communities, threads, moderation, and notifications, with each business domain encapsulated within its own service. This project was done within a team of fifteen.
  - **Details**: github.com/alyraafat/RedditClone
- **Database Management System (2023)**:
  - **Description**: This is a simple database management system that allows users to create, read, update, and delete data from a database. The database is implemented in java, and the data is serialized to the disk and deserialized whenever needed. This project was done within a team of five.
  - **Details**: github.com/AhmadHoseiny/DBProject

Programming Skills

- **Skilled In:** WordPress, Python, HTML, CSS, Java, Javascript, C#, SQL, ASP.NET, Version Control, OOP
- **Basic Knowledge In:** WebFlow, Prolog, Haskell, VHDL, Embedded C, Typescript, Micro-python

Soft Skills

- Adaptability & Quick Learning
- Attention to Detail
- Time Management & Efficiency
- Multitasking & Prioritization

Extra-Curricular Activities

- **Tekeya Charity Kitchen** — Zagazig, Egypt
  Volunteer — *Apr. 2022 - Present*
- **Orange Egypt AI Hackathon** — Cairo, Egypt
  GUC Participant — *Feb. 2025*
- **ECPC Qualifications** — Alexandria, Egypt
  GUC Participant — *Aug. 2023*
- **IEEE GUC Student Branch** — Cairo, Egypt
  Software Engineering Member — *Oct. 2022 - June 2023*
- **GUC-ULM Quantum Technology Conference** — Cairo, Egypt
  Usher — *Dec. 2022*
